Subject: FW: Kewaunee County Groundwater Contamination

From Tinka. It appears that she's intending to meet with the petitioners at a time about 2 weeks or so away.

Subject: RE: Kewaunee County Groundwater Contamination

Hi Sarah and Elizabeth – I'm following up on your letter from yesterday and the voicemail exchange I had earlier today with Sarah. As you know, the meeting we are having on Thursday is in response to our earlier conference calls with the petitioners requesting that we meet with Kewaunee County citizens to hear their concerns and discuss workgroup recommendations. In addition, during our phone conversation on June 2nd, Sarah and I confirmed the plans for the June 23rd public meeting.

Based on my voicemail exchange with Sarah today, I understand that you are now requesting that we hold an additional (smaller) meeting with the petitions up in Wisconsin (I assume Kewaunee County Area) in a couple of weeks. Specifically, Sarah indicated that petitioners wanted to first attend the public meeting this Thursday to hear about the workgroup recommendations and then set up a follow-up meeting with EPA to discuss the petition. Since I have another meeting that I will be attending (unrelated to the petition) in NE Wisconsin in mid-July, I wanted to see if we could settle on a time that would allow me to incorporate a meeting with the petitioners into my travel plans. The best meeting time (assuming we meet in the Kewaunee County area) for my travel plans would likely be the morning of 7/12. Will that work for you? Please let me know. If not, feel free to propose other dates and we'll work to secure a time.

Thanks

Tinka G. Hyde
